JAIL WAS OPEN AND THE JAILER DRUNK

SHERIFF BROWN FALLS FOUL OF ONE OF HIGH SHERIFF HENRY'S APPOINTEES AND REPORTS HIM—DEPUTY SHERIFF COX FOUND THE JAILER AT WAIALUA DRUNK WHEN HE BROUGHT MURDERER JOHNSON IN.

Incidental to the ghastly Waialua murder case comes the story of a serious fall out between the departments administered by High Sheriff Henry and that of Sheriff A. M. Brown, a row which will certainly result in charges being placed against an appointee of Henry's.

The trouble originated when Deputy Sheriff Oscar Cox arrived at Waialua

with his prisoner, Frank Johnson. He went to the jail but found the place deserted. There was no jailer and nobody seemed to know where he was until at last someone volunteered the information that he was drunk. The jailer who was appointed by High Sheriff Henry, is named Josiah Naukana.

should take the note of the offer made by King Edward of England to sell Fanning and Washington Islands two of the British pieces of property among the many South Sea Islands belonging to "the crown."

His majesty's surprising wish to get rid of some of the territory over which he is ruler is expressed in the following advertisement terms as will be found elsewhere in "The Examiner."

HENRY FIRES HIS DEPUTY

WAIALUA JAILER WHO WAS FOUND JAGGED IS DISCHARGED BY HIGH SHERIFF.

High Sheriff Henry will summarily discharge the jailer at Waialua, who was absent from duty and intoxicated when he was wanted in the Johnson murder case. When Johnson was arrested for the killing of the little Wharton boy the jailer was not to be found at his post of duty and there was no one to look after the prisoner. Investigation showed that he was out with a jag negotiating for more booze on credit.

"I regard that as good and sufficient reason for a summary discharge," said the high sheriff this morning, "and the jailer will have to go. It is very difficult to get men who are fitted for such positions as that of jailer."

HILO JAILER IS SUSTAINED

HIGH SHERIFF RETURNS FROM INVESTIGATING CHARGES MADE BY THE GRAND JURY AND IS CONVINCED THAT THERE IS NOTHING IN THEM—STATEMENTS MADE BY JAILER MABY AND THE PRISON PHYSICIAN DENYING THE CHARGES.

High Sheriff Henry returned this morning from Hilo, where he made an investigation of the charges against Jailer Maby and guards given in the recent grand jury report. The high sheriff did not remove or suspend any of those in charge in the jail. On the contrary his investigation led him to the conclusion that there is nothing in the charges, and he expresses complete confidence in Maby. Henry brought with him statements by prisoners in the jail, by Maby and by all the guards denying the charges made. Maby's statement is as follows:

"I have been an employee of the police department about 15 years; have acted as jailer about nine years. The only question asked me by the Grand Jury was in regard to a Porto Rican prisoner that was struck by Oliver Akau in self defense, an outside luna while outside with his haw. I have never seen any abuse of prisoners in this jail. About a year and a half or two years ago a guard made an attempt to strike a prisoner. I reprimanded him and he has been discharged. The prisoners have at all times had sufficient food. If a complaint was made they were given more. The form of punishment administered to prisoners is solitary confinement on bread and water from one to two days. I had three murderers together in one cell, two Japanese and a Porto Rican. Okamoto, one of the Japs, got to fighting with this Porto Rican. The Porto Rican called and pounded on the door and called my attention. I opened up the cell and the Porto Rican complained to me that the Jap was fighting with him. I went into the cell and got hold of the Jap, Okamoto, to bring him out. He refused to come and I got behind of him and pushed him out of the cell and locked him up in another cell by himself. Never had any complaint from one of the prisoners regarding abusing them. Ogata was the

WRETCHED MURDER'S TRIP TO THE CITY YESTERDAY—OFFICERS ELUDE MOB AT STATION.

There was intense excitement down about the Palama station last night at half past five o'clock when the train arrived carrying among others Sheriff Brown, Detective Chester Doyle, Deputy High Sheriff McGurn and the miserable self-confessed slayer of little Simon Wharton, the degenerate Frank Johnson.

The announcement that the officers would arrive with their prisoner had been made by the Star and there was some frothy talk about town of lynching. There was no reason to think that this was anything more than talk but proper precaution was taken to have a few dollars in small change, a when the train came in.

As the train came to a standstill a mob of at least five hundred surged in to the platform and made a hasty survey of the alighting passengers. Sheriff Brown and Doyle were too clever for the crowd, though. With Johnson securely handcuffed they slipped quietly off on the makai side of the train and had the man well down to the gate before the crowd discovered the movement. Then they swooped down morbidly anxious to get a glimpse of the perpetrator of the ghastly crime. But there was no suggestion even of a lynching attempt being made. The officers had the situation well in hand and in a very few seconds Johnson was hurried into a hack and thence to the police station.

He was searched and was found to have a few dollars in small change, a

HAS CARTER REFUSED PARDONS?

PETITION IN BEHALF OF KUMALAE AND JOHNSON WAS SENT TO GOVERNOR.

A petition has been circulated and sent to Governor Carter asking for the pardon of Jonah Kumalae, former member of the House of Representatives and Enoch Johnson, an attorney who was his associate in a legislative grafting scheme on account of which both were sentenced to one year's hard labor. The petition was circulated last week and is said to have been sent to the governor before the end of the year, in the hope that he would act upon it during the holiday season and exercise clemency.

The name of Charles Notley appears at the head of the petition and it was circulated mostly in Home Rule circles. Nearly all the names are Hawaiian. There are about seventy on the petition altogether.

Governor Carter was not at the executive chambers today, and nothing could be learned as to whether the petition had been received or considered. The fact that the holiday season has passed, however, without any action being taken is regarded by some of the petitioners as indicating that the governor declines to interfere.

CORPORATION ACT IS BADLY DRAWN

CIRCULAR LETTER TO HAWAIIAN CORPORATION HOUSES THE CRITICISM OF BUSINESS MEN—AN ATTEMPT TO BLUFF CORPORATIONS INTO FILING EXHIBITS UNDER PENALTIES WHICH DO NOT EXIST—SOME PEOPLE ARE INDIGNANT AT A THREAT.

There is considerable discussion going on in business circles just at present about a penalty of \$5000 for not filing over the circular letter issued by the Attorney General as notification that man will grasp the fact that there is a every corporation shall file an annual statement and not filing any statement \$5000 for failure to do so.

It is significant that the Attorney General, in this letter states that the notice and request is made by his office upon request of Hon. A. J. Campbell, Treasurer, from which it would appear that the Attorney General recognizes the weakness of the case made out.

The circular transposes mutilated portions of Sections 2554 and 2556 of the Corporation law.

It places a badly mangled portion of 2556 first, giving the sub-title "Annual Exhibit." This treats of the necessity of filing full and accurate annual statements.

A fragment of Section 2555 follows but in this even the head is cut off and the nigger in the wood-pile is easily discernable when the law itself is looked up, for the sub-title is "Penalty for false statements" and this is followed by the specific statement that any person or persons "who shall make any false statement in any affidavit, return, statement or certificate of stock or who shall over-value any property mentioned in such statement or return" shall be liable to a fine of not more than \$500.

Another feature of it is that the circular was sent indiscriminately to all corporations, to those who always have filed their exhibits and to those who do not. The heads of former are in many cases indignant at the plain threat.
